Transitional Residential Care Facility

for People with HIV

What is a Transitional Residential Care Facility (TRCF)?

A Transitional Residential Care Facility (TRCF) provides short-term housing with ongoing supervision and assistance with independent living skills for people with HIV (PWH) who may be at risk of becoming homeless. TRCFs are 24-hour alcohol/drug-free facilities that are secure and home-like.

What is the goal of the TRCF program?

The goal of the TRCF program is to help you be safely housed while you find a more permanent, stable housing situation. This service focuses on removing housing-related barriers that negatively impact your ability to access and/or maintain HIV care or treatment.

What services can I access through the TRCF program?

The TRCF program offers a variety of services that may include an assessment of your needs, individual and/or group counseling, and case management. Clients must have the ability to work to be eligible for TRCF services.
