MOTION BY SUPERVISORS HILDA L. SOLIS

AND LINDSEY HORVATH

Creation of Sexual Assault Council Within the Los Angeles County Department of Public Health's Office of Violence Prevention

On September 27, 2022, in response to the Los Angeles County Commission for Women's Ad Hoc Committee on Sexual Assault's recommendation to the Board of Supervisors (Board) to establish a Sexual Assault Council, the Board directed the Chief Executive Officer (CEO), in consultation with the Department of Public Health and the Commission for Women, to report back with recommendations for the structure, placement and funding for a new Sexual Assault Council. On May 5, 2023, the CEO submitted its final report on creating a Sexual Assault Council in Los Angeles County to support survivors and prevent sexual violence.

The CEO's report recommends creation of a Sexual Assault Council to coordinate a countywide response for survivors of sexual violence, focused on making services, prevention programs, and responses equitable across all demographics and

geographical areas, by focusing on survivors from populations with unique barriers who are vulnerable to victimization and have less access to sexual violence services and resources. Their efforts will be unified across all County departments and community-based service providers to share universal best practices and would focus on delivering outcomes for sexual assault survivors built within a public health framework that emphasizes prevention programs, support for survivors, accountability, evaluation, and collaboration amongst stakeholders. The Sexual Assault Council will also engage in data-driven efforts to identify areas of persisting inequities and implement strategies to enhance services and supports in those areas to better assist survivors and decrease current levels of sexual violence in our communities.

WE, THEREFORE, MOVE that the Board of Supervisors:

1. Adopt the CEO's recommendations for creating a Sexual Assault Council within the Department of Public Health's Office of Violence Prevention to promote equitable services, prevention programs, law enforcement and other investigatory responses, and justice-system involvement for adult survivors of sexual violence across all demographics and to analyze data to determine and fill gaps in services, programs, and responses.
2. Adopt the CEO's recommendations regarding staffing and composition of the Sexual Assault Council, including CEO determining allocation of positions and staffing levels and developing a model of compensation for at least one member position on the Sexual Assault Council with lived experience to amplify survivor voices and enhance the healing process.

3. Direct the Sexual Assault Council, once established, to assist all survivors, with a particular focus on vulnerable populations with unique barriers, including:
immigrants; undocumented individuals; limited English speakers; individuals who have a history of victimization; those experiencing homelessness; justice-involved individuals; adult victims of commercial sexual exploitation and human trafficking; disabled people; industrial, custodial and domestic workers; elderly people in home care/facilities; cisgender males; BIPOC; LGBTQ; and Native Americans.
4. Direct the Sexual Assault Council, once established, to report back to the Board semi-annually on the implementation of sexual assault related programming centered around a public health framework; an examination of SA funding; and the creation of data dashboards that both provide a clearer picture on how to center survivors in LA County's care-based service model and identify gaps where enhanced services are required, such as, the investigation and justice outcomes, including consistent filing standards; timely forensic analysis; monitoring standards for investigating sexual assault charges; and identifying gaps in services and programs based on data analysis that examines the number of victims by type of sexual crime, the type of services being accessed, and the percentage of the recurrence of sexual assault
5. Direct the Chief Executive Officer to report back during the 2023-24 Supplemental Budget phase on the availability of funding to establish the Sexual Assault Council.

STEP-BY-STEP FAMILY PREPAREDNESS PLAN

How immigrant families can more proactively
prepare for immigration emergencies that arise

NOVEMBER 2024

Every family should have a Family Preparedness Plan in case of an emergency. It is critical for immigrant families to think ahead and set more concrete plans for immigration emergencies that can arise. For example, this Resource Toolkit goes into detail about different childcare options available in case of an absent parent, where to find trusted immigration services in your community, and how to prepare to assert your constitutional rights in the presence of an immigration officer.

This toolkit is divided into different sections that give guidance on family preparedness planning, regardless of immigration status. It gives additional advice to undocumented and/or mixed status families.

For more immigration community resources, visit ilrc.me/resources.

NOTE

***THE ILRC HAS ALSO CREATED A SHORTER,
MORE CONDENSED VERSION OF THIS FAMILY
PREPAREDNESS PLAN. IT CAN BE FOUND BY
HEADING TO [ILRC.ME/FAMPREP](https://ilrc.me/famprep)***

PART I: MAKE A CHILD CARE PLAN

It's important to have a plan so that a trusted adult can care for your child if you cannot. This plan should include emergency numbers, a list of important contact information, and a file with important documents. Whether you want your child to accompany you to your home country in the event you face deportation or wish for

continued...

your child to stay in the United States in the care of another trusted adult, you should make needed arrangements in advance. This toolkit includes information about the options, especially for California, available to create an informal or formal care arrangement for your child.

PART II: FIND OUT ABOUT YOUR IMMIGRATION OPTIONS

Discovering your legal options to obtain immigration status may be the strongest way you can protect yourself and your family. During a legal consultation with an immigration expert, they may determine your eligibility for certain immigration protections currently available. Included in this toolkit are information and resources to find good immigration legal help. The toolkit also covers who is allowed to give you legal advice and/or who can represent you in an immigration matter.

PART III: KNOW YOUR RIGHTS

Everyone—documented and undocumented—has rights in this country. Make sure you, your family members (even children), housemates, neighbors, and co-workers, know of their right to remain silent and all of their other rights. A list of these rights, and a card asserting these rights, are included in this toolkit.

PART IV: ADDENDUMS

At the end of this toolkit, we include additional documents, checklists, and other materials that will assist you in your family preparedness planning.

PART I: MAKE A CHILDCARE PLAN

DECIDE WHAT KIND OF A CHILD CARE PLAN YOU WANT TO PUT IN PLACE

There are various ways to plan for another adult to care for your child if you are unable to do so. Some of the options, especially for California are:

1. **Verbal Agreement:** The most informal arrangement is to let another adult know of your wishes for your child and to **verbally agree with them that they will carry out your wishes to care for your child if you cannot.** The benefit of this is that it is informal and easy - you do not need to complete any forms or legal documents, and such an agreement will not affect your parental rights. The downside of this informal arrangement is that your chosen caregiver will not have legal authority to make medical or school-related decisions on behalf of your child, which would be problematic if you were deported and unable to care for your child for an extended period of time.
2. **Caregiver's Authorization Affidavit ("CAA"):** The next option **in California** is to not only get another adult's verbal agreement to care for your child in the event you are unable to, but to have that adult complete a **Caregiver's Authorization Affidavit ("CAA")**, which allows them to make certain school and medical decisions on behalf of your child. The benefit of this approach is that the CAA can be given to your child's school or health care provider so that your chosen caregiver can make certain decisions for the child, and it does not affect your parental rights (you still have custody and control of your child). More information about the CAA and a form you can use are included in Part IV of this toolkit. **Please note: the included Caregiver's Authorization Affidavit can only be used in California.**
3. **Guardianship:** The most formal arrangement is to **have a court appoint a guardian for your child.** The benefit of guardianship is that once someone has been appointed as a guardian by a California Probate Court, that person has full legal

continued...

and physical custody of your child, meaning they can make decisions on behalf of your child. **Please note: When a guardian is appointed, this does not terminate parental rights, but it does suspend them while the guardianship is in place.** The drawback of guardianship is that it must be terminated by the Probate Court in order to get your parental rights back. Please note you must file a petition in the Probate Court requesting the court to terminate the guardianship and it is up to the Judge to decide on what the best option for your child is.

Keep in mind that in California you cannot grant another person guardianship of your child informally or through a power of attorney - only a state court can do that. However, you can prepare a Form GC-211 to nominate a specific person to be the guardian of your child. The court will then consider Form GC-211 if and when a guardianship petition is filed. You can also make the nomination conditional upon your detention and/or deportation by completing an attachment to the form GC-211 that specifies when the nomination will be effective. Nominating someone else to have legal custody of your child is a serious decision; please connect with a trusted legal services provider to get more information.

A NOTE ON POWER OF ATTORNEY

A power of attorney is a written document that you can sign to grant another person the authority to act on your behalf in specified ways. For example, a power of attorney may be used to designate another person to handle your finances, make business decisions, use your money to pay your rent or mortgage, use your money to provide for your child, and other similar actions.

In California, we do not recommend that a power of attorney be used to designate another person to care for your child. While a power of attorney may be a good option in other states, in California, it cannot be used to transfer custody of your children to another person (only a state court can do that). It may be possible to use a power

continued...

of attorney to grant someone else the authority to make medical and educational decisions on behalf of your child, but in California completing the Caregiver's Authorization Affidavit is a simpler and less costly way to do the same thing.

WRITE DOWN INSTRUCTIONS IF YOUR CHILD HAS ANY MEDICAL CONDITIONS AND/OR TAKES ANY MEDICATIONS

Make sure to write down any medical conditions or allergies your child has, any medications that your child takes, as well as doctor and health insurance information. Keep a copy of this information in your important documents file. Give a copy to your child's school and the adult you designate to care for your child. Let your child know where to find this information if you are not around.

MAKE SURE YOUR CHILDREN ALL HAVE PASSPORTS

If your child was born in the United States, visit www.travel.state.gov for more information on obtaining a U.S. passport. If your child was born in a different country, check with the embassy or consulate for more information on obtaining a passport.

INFORM YOUR FAMILY AND EMERGENCY CONTACTS ABOUT HOW TO FIND YOU IF YOU ARE DETAINED BY ICE

Family members can use the ICE detainee locator: <https://locator.ice.gov/odls/#/search> to find someone in ICE custody. Be sure your family and emergency contacts have a copy of your A-Number (your registration number found on your immigration documents from ICE), if you have one.

TALK TO YOUR FAMILY ABOUT YOUR PLAN

Without worrying them, assure your children that they will be taken care of if for some reason you are unable to care for them, even for a short time. Let them know who will care for them until you can.

continued...

PART II: FIND OUT ABOUT YOUR IMMIGRATION OPTIONS

WHERE TO FIND A TRUSTED LEGAL SERVICES PROVIDER IN YOUR AREA:

Getting a proper legal consultation from a trusted expert is crucial in family preparedness planning since they can better determine if you are currently eligible for any immigration benefit. The Immigration Advocates Network National Immigration Legal Services Directory lists nonprofit organizations that provide free or low-cost immigration legal services: ilrc.me/findhelp

UNDERSTAND WHO CAN GIVE IMMIGRATION ADVICE

The best way to avoid fraud in legal representation is to look for legal services providers that meet certain requirements. This can be hard if you are unsure of where to begin the search or what kinds of duties a legal representative traditionally provides for their clients. **There are two categories of people who can give legal advice in an immigration case:**

- **Attorneys:** To practice immigration law, which is federal law, an attorney can be licensed in any state but must have a valid license and be ‘in good standing’ with the bar association. Attorneys can give legal advice, help file immigration petitions and requests, and represent individuals in court proceedings before an immigration judge. You can verify an attorney’s credentials with the state bar in the state where they are licensed. The Department of Justice also keeps a list of attorneys who are no longer able to practice: <https://www.justice.gov/eoir/list-of-currently-disciplined-practitioners>.
- **Department of Justice (DOJ) accredited representatives:** A DOJ accredited representative is a non-attorney who has been certified by the DOJ to work on immigration matters. The person must be affiliated with a non-profit that is recognized by the DOJ. An accredited representative can give legal advice, file immigration applications, and, if fully accredited, represent clients in immigration proceedings.

continued...

WHAT TO EXPECT FROM A LEGAL REPRESENTATIVE

A legal services provider has the duty of representing each client to the best of their abilities. **These are some best practices you should expect from a legal services provider:**

- **Sign a contract:** You should be provided with a written contract which outlines the services to be provided and what fee (if any) will be charged.
- **Be informed about your case:** A legal services provider should keep you informed about the progress and status of your case. They should explain the immigration benefit you qualify for, the application process, and answer any questions you have.
- **Copies of all documents:** A legal services provider should give you a copy of all documents submitted on your behalf as well as copies of any receipt notices sent by the government. They should never refuse to give you a copy of these documents or your file. In most cases, an attorney should not charge you to get a copy of your file unless you agreed to pay for photocopies in your original agreement.

PART III: KNOW YOUR RIGHTS

Everyone - both documented and undocumented persons - has rights in this country.

Talk to everyone in your family (including children) and household to make sure they all know what to do if approached by immigration officials (ICE) or if immigration officials (ICE) come to your house.

ICE AT YOUR DOOR. WHAT DO YOU DO?

- **Do not open the door for ICE or any police officer without a signed warrant.** You do not need to open the door unless an ICE agent can show you a warrant signed by a judge with your specific and correct name and address on it. If ICE knocks on your door, ask them to slide the search warrant under the door or

show it through a window. Make sure the warrant is signed by a judge and has your address on it. If ICE or the police do not have this, then you do not have to open the door. **Once you open the door, you lose certain rights.**

- and by your door at all times.** The red card explains your rights and that you do not have to open the door. You can slide it under the door to ICE, show it to ICE, or read the English side of the card to ICE. Have your children and other family members practice showing it or sliding it under the door. You can find print-at-home red cards in 14 languages at [ilrc.org](https://www.ilrc.org)

➡ **You have the right to remain silent and can refuse to answer ICE's questions.**

Say that you want to remain silent until you speak with a lawyer. Do not answer any questions, especially about your birthplace, immigration status, or how you entered the United States. Do not give them any personal information about yourself or anyone in your family. Have your children and others in your family and household practice saying “No” to ICE.

- ➡ **You have the right to refuse to sign anything before you talk to a lawyer.** Do not sign anything you do not understand and agree with. That could eliminate your right to speak with a lawyer or have a hearing in front of an immigration judge. This may result in you being deported immediately without a hearing. If you wish to remain in the United States, ask to go before the immigration judge.
- ➡ **You have the right to speak to a lawyer and the right to make a phone call.** Make sure to memorize or carry the phone numbers of the person you will call in an

continued...

emergency. Ideally, this person would be someone who can put your plans and wishes into place, call your immigration attorney, and access your important documents.

OTHER RESOURCES

Your Country's Consulate: Have the contact information for your country's nearest consulate. Many consulates have an emergency number for cases where you need immediate assistance. Have that number written down in case ICE detains you.

Know Your Rights Materials and Other Resources: There are many resources available to teach you about your rights. Below are just a few places to start looking if you want to learn more about immigration law:

- **Immigrant Legal Resource Center (ILRC):**
 - ilrc.me/resources for Community Explainers
 - ilrc.me/protect for our Know Your Rights Toolkit
- **Informed Immigrant:** informedimmigrant.com
- **National Immigration Law Center (NILC):** nilc.org
- **Immigrants Rising:** immigrantsrising.org

DOCUMENTS YOU SHOULD AND SHOULD NOT CARRY WITH YOU:

- Carry a valid work permit or green card, if you have one. If you do not have one, generally it is advisable to carry a municipal ID, state ID, or driver's license if it was issued in the United States and contains no information at all about your immigration status or your country of origin. Ask a local immigration advocate about what kind of documents are safe to carry in your area.

NOTE

IF YOU ENCOUNTER ICE, REMAIN CALM AND DO NOT TRY TO RUN AWAY. IF YOU DO, ICE OR THE POLICE MAY USE THAT AGAINST YOU.

continued...

- Carry a red card to exercise your right to remain silent in case you are stopped or interrogated by ICE or police officers.
- Carry the telephone number of someone who can put your plans and wishes into place, call your immigration attorney, and access your important documents in an emergency.
- Do not carry any documentation about your country of origin.
- Do not carry any false identity documents or false immigration documents.

PART IV: ADDENDUMS

CAREGIVER'S AUTHORIZATION AFFIDAVIT (CAA) INSTRUCTIONS

Please note: the Caregiver's Authorization Affidavit is for use **in California only**.

WHO COMPLETES AND SIGNS THE CAREGIVER'S AUTHORIZATION AFFIDAVIT (CAA)?

The person who will be acting as your child's caretaker completes and signs the CAA.

The parent does not need to sign the CAA. It is a good idea to have the person you want to care for your child fill out the CAA in advance, but they should not sign or date it unless or until they need to use it.

USING THE CAA, WHO CAN SERVE AS A CAREGIVER?

Any person, relative or non-relative, who is 18 years of age or older who completes the CAA may serve as a caregiver.

WHAT CAN THE CAA BE USED FOR?

If the CAA is completed by a **non-relative**, it will allow that person to enroll your child in school and to consent to school-related medical treatment. School-related medical treatment includes immunizations, physical exams, and medical exams conducted in school.

continued...

If the CAA is completed by a **relative** (including a grandparent, aunt, uncle, or other qualified relative of the minor) it will allow that person to enroll your child in school, consent to school-related medical treatment, and consent to most other forms of medical and dental care for your child.

DOES MY CHILD HAVE TO LIVE WITH THE CAREGIVER FOR THE CAA TO BE VALID?

Yes, your child needs to live with the caregiver. If your child stops living with the caregiver, the caregiver must notify any school, health care provider, or health care service plan that has been given the CAA. The CAA is invalid after the school, health care provider, or health care service plan receives notice that your child is no longer living with the caregiver.

DOES THE CAA NEED TO BE NOTARIZED?

No, the CAA does not need to be notarized. There have been reports that some schools want a notarized copy of the CAA, but that is not required by law. **Also, remember that only the caregiver, and not the parent(s), signs the CAA.**

SHOULD I GIVE THE CAA TO MY CHILD'S SCHOOL AND MEDICAL PROVIDERS NOW AND ASK THEM TO KEEP IT ON FILE?

No, the CAA should not be given to your child's school or medical providers unless and until your child is living with the caretaker, and the parent is unavailable to make school and medical decisions for your child.

DOES THE CAA EXPIRE?

No, it does not expire. However, if any of the information on the form changes, the caregiver will need to complete a new form.

IF I WOULD LIKE TO HAVE SOMEONE COMPLETE A CAA SO THEY CAN MAKE CERTAIN DECISIONS FOR MY CHILDREN IN MY ABSENCE, WHAT STEPS SHOULD I TAKE?

First, you should identify the person who you would like to serve as your child's

continued...

caretaker.

Next, you should discuss with that person what the CAA does (it gives them power to make certain school and medical decisions on behalf of your child), and does not do (it does not give them legal custody of your child, guardianship over your child, or access to any of your financial resources to care for your child).

Finally, you should have that person complete a CAA, but they should wait to sign and date it until it becomes necessary to use it. The caregiver should keep the CAA in a safe place, and you should also keep a copy of it in your file of important documents in case the caregiver cannot locate theirs when it becomes necessary.

CAN A CAREGIVER USE THE CAA TO COORDINATE MY CHILD'S TRAVEL TO MY HOME COUNTRY IN THE EVENT I AM DEPORTED AND DECIDE TO HAVE MY CHILDREN ACCOMPANY ME TO MY HOME COUNTRY?

No, the CAA only allows the caregiver to make decisions related to school and medical issues for your child. Consult your home country's embassy or consulate for information about facilitating your child's travel to your home country if you will not accompany the child.

MUST MY CHILD'S CAREGIVER HAVE IMMIGRATION STATUS IN THE UNITED STATES?

No. Ideally though, the person you authorize to be your child's caregiver would also not be at risk for deportation or detention. The person should be someone with a California driver's license or identification card (ID). If they do not have a California driver's license or ID, they should be ready to provide another form of identification such as a social security number or Medi-Cal number.
